Index 3

metaMSdata-package	<i>Example CDF data for the metaMS package</i>
--------------------	--

Description

Example CDF data for the metaMS package. For both GC-MS and LC-MS data, four data files are provided, all in the `inst/extdata` directory of the package. In addition, this directory contains a csv file that can be used as a template for building in-house databases for GC-MS. No further R code is present.
